Hallelujah Street Offa Kwara State

Nationality: Nigerian | Marital Status: Single

Objective

HCIA-Datcom Detail-oriented and adaptable Front-End Developer with a strong foundation in HTML, CSS, and JavaScript, complemented by a background in Telecommunication Engineering and HCIA-Datcom certification. Skilled in building responsive user interfaces and capable of bridging technical knowledge with practical implementation. Proficient in scripting automation using PowerShell and experienced in documenting systems, solving problems efficiently, and working collaboratively in fast-paced environments. Seeking to contribute to innovative web projects and grow within a dynamic development team.

Work Experience

Self-Taught

10/2022 - Present

Front-End Developer (Remote)

- Earned a **JavaScript Certificate from Mimo Academy**, developing interactive web pages using **HTML, CSS, and JavaScript**. Built small-scale projects demonstrating DOM manipulation, form validation, and responsive UI design.
- Completed a **Canva for Design Project** via Coursera, learning visual storytelling and UI content layout for digital platforms.
- Used **MATLAB Onramp** by MathWorks to explore **matrix programming, data visualization, and script automation**, applying these to basic engineering and data plots.

FEMTECHIT Offa Kwara State

2/2023 - 04/2025

Web Developer

- Designed, developed, and maintained web applications using **JavaScript, React**, and **PHP**.
- Designed interactive web pages using HTML, CSS, and JavaScript to practice frontend concepts.
- Developing hands-on experience with **Python** and **MATLAB** through real-world projects and online training.
- Automated repetitive tasks and optimized deployment processes using **PowerShell scripting**, including app installations with winget and driver management with pnputil

- Participated in structured network engineering training with a focus on both theoretical foundations and practical application using Huawei’s eNSP (Enterprise Network Simulation Platform).
- Performed IP addressing, subnetting, and VLAN segmentation to optimize network performance and enhance security.
- Diagnosed and resolved connectivity issues using tools like **Wireshark**, **ping**, **tracert**, and **netstat**, reducing downtime by over 30%.
- Managed the setup, configuration, and maintenance of LAN infrastructure within the office using Packet tracer.

Education

Telecommunication Engineering (B.Eng.) Federal University of Technology Minna	12/2018 - 01/2024
Electrical Electronics Engineering (National Diploma) Federal Polytechnic Offa	12/2012 - 03/2015

Certification

Huawei Certified ICT Associate Datacom Network Huawei ICT Academy	01/2024
Huawei Certified Network Professional Huawei ICT Academy	In view
JavaScript Certificate Mimo Academy	03/2025
Canva Certificate Coursera Project Network	12/2023
MATLAB Onramp Course Completion Certificate (MathWorks)	11/2023

Technical Skills

- **HTML5 / CSS3** – Semantic markup, responsive layouts, Flexbox, Grid
- **JavaScript (ES6+)** – DOM manipulation, event handling, basic algorithms
- **Front-End Frameworks** –Exposure to concepts like React or Bootstrap
- **Version Control** – Git (basic usage) and GitHub for project collaboration
- **UI/UX Design Basics** – Canva for mockups and design consistency
- **Responsive Web Design** – Mobile-first design, media queries
- **Debugging & Troubleshooting** – Browser DevTools, JavaScript console

- **PowerShell** – Basic scripting for automation and environment setup
- **MATLAB** – Script-based data visualization and logic (useful in technical apps)

Soft Skills

- **Problem Solving** – Able to debug code and resolve layout/functionality issues
- **Attention to Detail** – Clean, readable code with consistent styling
- **Self-Learning** – Proactively completed courses (Mimo, Coursera, MATLAB Onramp)
- **Communication** – Documenting code, creating user-friendly visuals and explanations
- **Time Management** – Independently managing learning paths and project goals
- **Team Collaboration** – Able to communicate technical ideas clearly and work in teams
